

Partners in Care

AdaptHealth Patient Care Solutions (AHPCS) provides patients with the opportunity to participate in our Partners in Care program. This program strives to help people with chronic neurogenic disorders and those who need diagnosis specific supplies to lead healthier lives.

Exceptional Service

AdaptHealth Patient Care Solutions has a Partners in Care team and a dedicated toll-free number 855-625-2580 to better serve our patients. Our knowledgeable representatives are available to help educate patients on which products may be covered by their specific insurance plan. AHPCS is a contracted supplier with Medicare, most Medicaid plans and numerous commercial insurance payers.

Our Partners in Care team works with healthcare providers to help support continuity of care, bill patients' insurance on their behalf and ship supplies directly to their door.

More Resources and Support

- + Full-time WOC (wound, ostomy, continence) nurse is available to discuss diagnosis specific supply needs.
- + AdaptHealth Patient Care Solutions may provide patients with information on manufacturers' sampling programs.
- + A subscription to our "Partners in Care" e-newsletter, which includes information about special events, featured products and helpful health tips from our WOC nurse.

Our Partners in Care team will assist with reorders.
